

## HOW TO REGISTER FOR CAL NORTH CUPS

1. A team Administrator must register online for their respective cup.
2. We recommend teams use the following guide to help them select their level of cup play based on their level at which they participate in league play and tournaments as well as their performance within that level.
3. Teams can always select a higher level cup in which to compete but there are some restrictions as to what level of cup teams can select. For example, a team that participates at the Premier or Gold level may not select Association Cup as an option. Only Recreational level teams can select Founders' Cup.
4. With the exception of Under 19 State Cup, all teams entering Cal North Cups must participate in an approved playing league as specified in the specific cup's rules.
5. An application is not considered complete until the registration fee is paid in full. Payment can be made online by credit card or e-check or by mailing a check to the CYSA Cal North Office at 1040 Serpentine Lane, Suite 206, Pleasanton CA
6. Applications that have not been submitted to the correct play level may be moved to the proper corresponding cup after confirmation from team.
